Useful Information

- We ask that toddlers ride with or alongside adults and that children are closely supervised at all times!
- The activity can go ahead in all weathers except electrical storms - in the (rare) event of this we will delay the activity until this passes.
- The activity is supervised as much as possible (but not 100% of the time) As a result, we encourage parents to participate in the safety of riders!
- Parking is free for all party guests!
